

CFD 1-51 Pro / CFD 1-51 Com

CFD 1-51 Pro gives you dual-flare performance in tight situations. It has a particularly smooth frequency response across its nominal 55° x 50° near-field dispersion pattern. The CFD 1-51 Pro is an excellent choice for critical spot monitoring. It is also well suited for high level foreground and dance installations and can be applied in small club PA or side-fill monitoring. Also available in a commercial model for low SPL applications.
